

Explore the Coastline by Bike and Kayak!

Experience the Santa Barbara Coast by land and sea, and take in all of its natural beauty! You'll begin by biking along Santa Barbara's gorgeous oceanfront route, then its into the kayaks for a guided tour of some of the best spots for wildlife sightings, and view of the city like no other.

Shoreline Bike / Kayak Combo

Our guides will meet you at your local accommodations or another waterfront location to preview the day and outfit riders with appropriately sized bikes, helmets, and gloves if desired. After a short safety demonstration, we'll set off along the waterfront and into the heart of downtown, pedaling past historical sites, picturesque parks, and local hot spots. Along the way our knowledgeable guides will provide insight into the significance of each location visited, discuss natural history, and a bit of local trivia.

Once we reach the harbor, it's time to change gears and prepare to get a closer look at the Santa Barbara coast from the water! Guides will outfit the group with all necessary kayaking gear and give a paddling demonstration and safety briefing before we launch. When everyone is comfortable and ready to go, the group will paddle out of the harbor, and along the coastline, past boats big and small, the Santa Barbara wharf, and into some areas known to provide excellent opportunity for spotting local wildlife. Along the way, guides will share their knowledge of the local and natural history and marine ecology. Teambuilding initiatives and paddle challenges on the water can be incorporated depending on the goals of your group.

We'll land back at the beach, close to the starting point so that guests can easily walk to their hotel or transportation. You'll leave feeling refreshed and well versed in Santa Barbara flavor, without ever having set foot in a vehicle.
