

It's a Race to the Finish!

A well-bonded team is crucial for success. This fun and fast paced program ensures that your team will leave better connected and invigorated. The group is divided into teams and will participate in a range of challenge activities while making their way through downtown Santa Barbara. As the day goes on, the scores add up and the winning team emerges. A team that plays together stays together!

Great Race Teambuilding Program

Teams will visit historic sites, beautiful vistas, and local hot spots as they dash through the city of Santa Barbara to solve clues, earn points, collect souvenirs, and complete challenges in the attempt to win the Great Race. This high-energy, team building activity fosters innovative thinking, shared leadership, and time management in a blend of competition and collaboration. Along the journey, groups will also learn about the geography, cultural and natural history of the city of Santa Barbara.

Participants meet at a predetermined starting point where knowledgeable facilitators begin the day by reviewing the race agenda, teambuilding goals, and rules of the game. Teams will receive all the necessary equipment to meet challenges, including interactive clues to locate each challenge station.

Teams will be competing for the fastest overall time, with penalties and/or bonuses incurred at each challenge station. In order to succeed, participants will need to think strategically, build trust, and manage limited resources intelligently. Facilitators debrief with all the teams afterwards to relate their experience to work, school, and life.
