

## Shoreline Bike / Kayak Combo

Experience the Santa Barbara Coast by land and sea! You'll begin by biking along Santa Barbara's gorgeous oceanfront route, then hop into the kayaks for a guided tour with a view of the city like no other.

### Explore the Coastline by Bike and Kayak!

Guests meet their guides at the beach, where they are outfitted in mountain bikes, helmets, and gloves. After a short safety demonstration, we'll set off along the waterfront and into the heart of downtown, pedaling past historical sites, picturesque parks, and local hot spots. Throughout the day, knowledgeable guides will share about natural and cultural history and local trivia.

Once we reach the harbor, it's time to change gears and explore the Santa Barbara coast from the water! Guides will outfit the group with all necessary kayaking gear and give a paddling demonstration and safety briefing before we launch. The group will paddle out of the harbor and along the coastline, discovering Stearns Wharf and beautiful surrounding beaches. Groups can participate in team building initiatives and paddle challenges on the water if desired.

We'll land back at the beach, close to the starting point so that guests can easily walk to their hotel or transportation. You'll leave feeling refreshed and well-versed in Santa Barbara flavor, without ever having set foot in a vehicle.
