

High Ropes Course at Camp Whittier or El Capitan Canyon

The High Ropes Course is one of Santa Barbara Adventure Company's most exciting and inspirational programs. Supported by harnesses, ropes, and fellow teammates, participants climb high on ropes, cables and planks. The challenges call upon every team member to participate, presenting opportunities for self-discovery and team growth.

Take Your Team to New Heights!

Santa Barbara Adventure Company's High Ropes Course consists of a series of group initiatives focusing on the development of communication methods, trust and problem solving techniques. Through active experimentation, reflection, and application of skills, participants explore the complex and transformative meanings of trust, cooperation, and thinking outside the box, all of which culminate into a unique bonding experience. Throughout this challenge-by-choice program, skilled facilitators guide discussions that directly address parallels to school, work and life.

Our knowledgeable guides meet the group at the High Ropes course to start the day with an informative safety talk and demonstration and outfit everyone in harnesses and helmets. Participants are encouraged to take a step out of their comfort zone and complete all the elements and are supported even if they only make it a few feet off the ground. Option to start on the ground with a Low Ropes Course for a great combo! Our facilitators debrief at the end of the program so participants can share their experience.

Santa Barbara Adventure Company runs the High Ropes Course at two locations, both 20-30 minutes from downtown Santa Barbara. El Capitan Canyon has 3 elements. Camp Whittier has 5-6 elements, a Low Ropes Course, a Climbing Wall! There is also a zip-line that can be added for an additional fee.

Level of Difficulty

Moderate
